The writing practice area consists of five identical sets of horizontal lines. Each set is defined by a top red line, two middle blue lines, and a bottom red line. The space between the top red line and the first blue line is intended for the upper part of a letter, the space between the two blue lines is for the middle part, and the space between the second blue line and the bottom red line is for the lower part. This structure is designed to help children learn the correct height and placement of the Hindi characters 'क', 'ख', 'ग', 'घ', and 'ङ'.
