STUDENTS OF LOTUS VALLEY FLY ABROAD

Lotus Valley International School, Noida, took its students on a global odyssey, visiting the US, Germany, France and Spain to provide them opportunities to develop a global perspective. About 47 students of Classes 8 and 9, attended the space school programme at NASA's Kennedy Space Centre, Orlando. Space exploration through launch pad simulation, the visit to Disney's Magic Kingdom and Niagara Falls enriched their experience. About 18 students of Class 10, who visited France and Spain delved deep into the rich culture, history and heritage of Paris, Barcelona and Madrid. Seventeen students of Classes 9 and 10 participated in the German Exchange Programme. They visited Johanaes Turmair Gymnasium, Straubing, and collaborated with their German counterparts under the exchange project 'Different Countries, Different Sports' between the two countries.
